

Los Angeles Airspace Issues and TAC Chart Errors

Pat Carey has been flying in and teaching airspace in Los Angeles for more than 30 years. His depth of knowledge and experience is unparalleled and he is an accomplished public speaker. He is also a flight instructor, Designated Pilot Examiner in the LA FSDO, and Chairman of the Southern California Airspace Users Working Group.

Directions: Tell Security at the entrance you are there for the Safety Seminar. Enter FBO and proceed to 3rd floor conference center.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
